

East Granby Public Schools Pay to Participate Fees  
2019-2020  
Applicable Student Fees Related to Board of Education (Policy 5139)

Recently, The East Granby Board of Education revisited the regulations related to the implementation of fees, including Pay to Participate fees instituted in 2010. This Memorandum serves to reiterate that the fees were intended to be levied for participation in any after school activity including extracurricular Athletics and Clubs. In general, extra-curricular activities include athletics and any after-school activity, such as Drama, Dramatics, and Tech Club that are not directly linked to the curriculum. Co-Curricular and self-funded activities such as Literary Magazine, Yearbook, School Store, Best Buddies, and As Schools Match Wits are not affected by the Pay to Participate policy.

- The fees do not apply to after school grant funded activities.
- The fees do not apply to students in Carl D. Allgrove or R. D. Seymour Schools.
- The following fees are in effect until the Board of Education approves a change in a given year.
